HOW **IT** WORKS.

This solution integrates with any e-commerce platform and D365 commerce and call center. It also offers the capability to accept payments in person directly to sales orders without having to implement Microsoft Commerce.

MULTIPLE PROCESSORS & GATEWAYS
Pre-integration with 16+ processors and gateways makes it a true, end-to-end solution.

NATIVE INTEGRATION WITHOUT HIDDEN COSTS
Native extensions of Microsoft Dynamics 365 for Finance & Operations (F&O) with no transaction fees.

POWERFUL OMNICHANNEL EXPERIENCE
Allow customers to buy products from one store and return them to another using original transaction information. True omnichannel between card not present, e-commerce and retail.

ADVANTAGES.

SECURE PAYMENT TRANSACTIONS
Stores sensitive cardholder information with card processors that support tokenization or profiles, eliminating the risk and liability of local storage.

HANDLE COMPLEX TRANSACTIONS
- Accept multiple cards and payment methods per sales order
- Integrate with advanced warehousing
- Accept gift cards with Red Maple Advanced Gift Cards

STREAMLINE YOUR ACCOUNTING PROCESS
- Allow customers to make payments on their accounts with credit cards, ACH, and wallet payments
- Choose to process payments at picking list, packing slip, ship or invoice
- Automatic re-authorizations for exact amount owed or Auth Delta
- Flexibility to assign users or bank accounts by MID or card type for easy account reconciliation
