ADVANTAGES.

STREAMLINE YOUR CLIENTS' PROCESSES. SAVE THEM TIME AND MONEY.

Our software is designed to be easy to use, save time and maximize your clients' existing processor relationship. With an interface that makes taking payments a snap, they have lots of choices when processing payments through Business Central.

- **Use the processor or bank of their choice.** Some providers require you to use their own processing, which is more expensive. You clients can save money by shopping for the best rates.
- **Clients pay less per transaction** with Level II and Level III interchange they can lower their processing costs.
- **They can utilize ACH and Electronic Payments** as an alternative to card payments.
- **Clients can get paid faster** with our customer self-service portal when they combine Red Maple Advanced Credit Cards for BC with our web-based, secure portal <u>Clever Division</u>™.
- **They can get going within minutes** with our user-friendly assisted set-up tool.
- **Clients can process payments or capture authorizations** at shipment or invoice, reconcile and settle invoices, and automate accounts receivables.
- **They can accept payments on account** in a Payment Journal.
- **Clients can reconcile bank statements** with journals designed to make things easier.

REDUCE YOUR CLIENTS' RISK AND SECURE THEIR DATA.

Our software is designed to protect your clients' data and comply with the strictest standards in the industry. Security is at the forefront of our design and reducing their risk is the result.

- **Reduce their PCI footprint** with industry-leading security that is PCI 4.0 validated and uses profiles and tokens to safeguard customer and business data.
- **They can use hosted payment card entry** to take Business Central out of PCI Scope.
- **Allow their customers to enter their own card data** through our secure portal.
- **Clients can use Card Verification Data (CVD)** to further secure their transactions.
